Nothing compares to a piece of Interni furniture!

Nothing compares to a piece of INTERNI furniture!

The timeless character, quality and beauty of the materials, combined with the purity of the lines, give each piece an exceptional feel.

To give your home the elegance it deserves, we have selected some of the finest species of wood available, such as zebrano, ebony and rosewood, along with various finishes of oak or bamboo. These noble materials, as well as the fabrics used, bring out the sobriety and refinement of our lines.

INTERNI EDITION

Born in the midst of wood shavings, furniture very quickly came to populate his drawings.

INTERNI has developed a furniture range comprised of tables, armchairs, chairs and lamps.

To meet your specific requirements, the entire range can be made-to-measure.

Draw inspiration from our models, woods and fabrics to create your ideal piece of furniture. We will sit down with you to help you design the model that will do justice to the style of your home !
